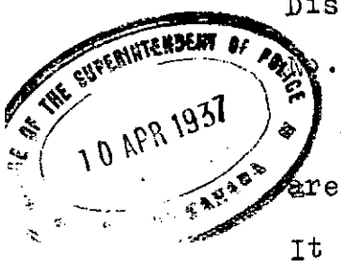
The estimate is prepared as per requisition from the District Superintendent of Police, South Kanara, vide his D.R.C.396 Gl. dated 11-5-36.



At present katcha kadjan thatties which are combustible are tied in the front verandah to prevent rain beating in. Finance (E.I.)

The Inspector-General of Police has proposed the following improvements to the quarters of the Sub-Inspector of Police at Mulki, South Kanara district:- Rs 1-2 C.F.

(i) Provision of a dwarf wall in the verandah with glazed windows over it; and Rs 3 C.F.

(ii) Provision of an iron barred door at the entrance of the verandah. -ibid-

The improvements are estimated to cost Rs.185/-. Rs 8 C.F.

This expenditure will go to raise the standard rent of the quarters, which are rent free, from Rs.10 to Rs.12. Rs 10 C.F.

2. Item (i) above The dwarf wall is intended to prevent rain water getting into the verandah. This Department need not, therefore, object to its construction. But ~~the~~ necessity for providing glazed windows over it, has not been explained. In any case, ~~it is~~ more not necessary for keeping off rain water. As glazed windows are estimated to cost Rs. 127/-, this Department may suggest that this improvement may be disallowed. For the Sub-Inspector's quarters at Manantoddy (Malabar district) only a dwarf wall was provided for the very same purpose — please see G.O. No. 1975 P.W.D. dated 9-9-1937.

may be accepted. This will prevent water jetting in but admit light.
